Backstory & personality

Tesh4 was born into a tribe that valued strength and power above all else. As a half-orc with a natural talent for craftsmanship, she often found herself at odds with her clan's values. Despite this, she honed her skills as a blacksmith and armorsmith, creating impressive works that caught the attention of a powerful paladin who took her under his wing. Despite her lawful evil tendencies, she learned the ways of righteousness and justice, blending her craftsmanship with her newfound sense of duty. Now, Tesh4 travels the land, wielding her finely crafted weapons in the name of order and control, all while seeking to establish her own power base in a world that underestimates her. With her keen eye for detail and unwavering dedication to her beliefs, Tesh4 is a force to be reckoned with on and off the battlefield.
